Hi, Dr. Brooks!

I wish I could have given you a handwritten note in person, but I just wanted to say thank you for everything over the past couple of years! Your classes were my favorites to go to because you always found humor in class material that could potentially be a bit... dry? You are an inspiration to me as a teacher because of that, and I hope one day I'm able to balance professionalism and wittiness in a classroom as well as you do. Also, a big thank you for always being there for students and for treating us like human beings. I remember I came into your office once in my sophomore year at a particularly bad time in my life to talk about a project, and you were kind enough to ask how I was doing and to listen to what was going on. I will forever be grateful for that! Thank you again for everything and I hope you have a great summer!

All my best,
