- This course was really insightful and helped me to make connections between music and other areas of my life and experience. The way the course was organized was also very helpful in not only learning information, but for everyone in the class to learn from one another and expand on the course knowledge through discussion of our own interpretations and experiences.
- The material was interesting, but the format relied heavily on peer discussion. Although sometimes interesting to talk to peers, these discussions were often the majority of classtime and I did not feel that "new" learning occurred during them.

18 - THE INSTRUCTOR: Please comment on the strengths and weaknesses of Erin Brooks. Would you take another course from this instructor? -

- Dr. Brooks is not only extremely knowledgeable in her field and excellent at creating an engaging course experience, but she is also clearly invested in the education and well being of each of her students. She goes above and beyond to help her students, and everyone feels very comfortable in her class. She does not assign work for works sake and is thoughtful in what she assigns as it relates to how it will advantage the students. I would certainly take another class with her.
- Erin is fabulous.
